The NPC has mandated that everyone in the backstage/pump area's area be current NPC members. You must show a current NPC membership card, or you must purchase an NPC membership before entering the backstage.

All NPC sanctioned events have NPC rules set forth that we are required to follow to keep our event insurance and sanction in force.

The NPC mandated rule regarding backstage pump room access stands as follows:

Everyone other than the Competitors must show their NPC membership card (NPC Rule) and then follow the protocol of the event you are attending (The individual Promoter/Contest Producers rules) regarding wrist band purchases and event admission and/or Ticketing required at the event.

If you are an IFBB professional and you desire to be in the pump area you too will need a current NPC membership.

These are not local rules, these are National NPC rules to be followed at all NPC contests.

We as promoters of NPC sanctioned events must follow the rules set forth.

Thank you,

Oregon NPC Promoters;
Ron and Susan Smith
